

Anyone who knows me would tell you that I am

A good organiser

An innovator

A great catalyst for getting things done

Can complete projects within budget

And most of all Tenacious

I am a Director of my husband's company BPD Limited

We employ 10 staff based in a Government rented hangar in Jurby.

We create a wide range of precast concrete products.

Our moto is

Think local first

Please vote for me on the 25th of November

Please see my full manifesto on facebook but in summary my main aims are:

- Working with the Commissioners to Develop a 10 year plan
- Getting more people working back in our town
- Give the commissioners the power and finances they need to get the town tidied up
- More leisure facilities for all the people of Ramsey
- A solution to parking problems
- The provision of housing
- More facilities for and promotion of the Library
- The identification and use of Brown Field Sites
- Better communication between the government departments and the commissioners
- Investment which would increase our job market, leisure facilities, and the economy
- I would like to discuss forming a town team of volunteers to assist our commissioners create and run events.
- Create a new reporting app 'See, Snap, Report'
- Creation of an organisational directory to make people aware of what's available in Ramsey and the North
- I would like to explore a Marina for Ramsey with new facilities and investment which could bring new life back to our high street and jobs for the people of the North.

**Please vote for me on
The 25th of November 2021
at the Town Hall
between 8am and 8pm**

Thank you for your time.

Tracy

Thank you for all the wonderful discussions over the last few weeks.

There are so many fantastic ideas and it's a pleasure to listen to everyone's views.

I just thought that I should let you know a little bit more about my background.

I am 58 years old, as a teenager I lived on the Bretney and Threshold in Jurby

My family are all Manx born and bred.

I attended Ramsey Grammar School and the Isle of Man College where I studied Business and Finance

I gave up work 2 years ago to become a full time, live in carer, for my Mother in Law, who has severe dementia.

My heart goes out to anyone living with, and supporting anyone with disabilities and the challenges of living without adapted accommodation; and the lack of disabled parking around the town.

Prior to my change in circumstances I have held many positions within the

Finance, Education; and the Third Sector

I believe my experience and skill set will assist the work of the Commissioners

Career Highlights

Residential Sales Negotiator at Chrystals in Ramsey

This position taught me the art of negotiation and working with the general public.

Business Development Co-ordinator for the Engineering Department of Manx Airlines/latterly PR and Marketing Executive

I was promoted to both of these roles within the Airline, my proudest moment was spearheading an apprenticeship scheme working with the Isle of Man College, The DTI, and Brunel University in Bristol, to create an Aviation Engineering Apprentice Scheme. I believe that this option is still available at the Isle of Man College and many young people from our Island have enjoyed well paid positions within the aviation industry

Director of the Family Library

As a volunteer I worked as a member of the management team sourcing private funding to keep the library continue it's services after the Government stopped funding. I also gained funding from the Manx lottery Trust to enhance and the mobile library service across the Island.

Director and administrator of Connect to Charity

As a volunteer I worked to provide centralised administration, a website page and support to every registered charity on the Island. This service enabled businesses and organisations to engage with charities and help donations.

Fundraiser for Age Concern

Working with the Isle of Man Gaming Commission I changed the legislation and set out the promotional parameters to allow charities to advertise lotteries and fund raising.

Youth Leader with the Isle of Man Department of Education

I was employed for many years as a Youth Leader working in Andreas and Jurby organising activities for young people to help provide life skills.

The Manx ICT Association

I Worked with Kurt Roosen to run MICTA the Manx ICT Association which was established by the Department of Enterprise to promote the Isle of Man as a centre of IT excellence and bring much needed IT talent to the Island.

Director of Central Core Components

My role as a Relationship Manager was to work with our many banking clients and help develop new products by listening to their needs and test new software products.
