What is going on at the Ramsey Group Practice???

This is the burning question on the lips of many Ramsey residents and has come up time and time again during recent canvassing.

Why is it taking up to six weeks to get an appointment to see a doctor??

Why is there such a rapid turnover of new and established doctors?

Our personal health is paramount to us all and seeing and being able to talk to our regular doctor is central to our sense of wellbeing. Being left in the dark and out in the cold is detrimental to our feel good factor.

"Please please, someone get to the bottom of this and try to sort it out."

I can only promise to do my best and my utmost, but finding solutions to this unacceptable problem will most certainly be my top priority.

Oh, and not to forget:
"South beach for all. Save the bay!"

If elected, please feel free to involve me in your local concerns.
