**Subject:** FW: Road Closure in Ramsey

**Importance:** High

Hi Steven

Have you liaised with those that objected yet and discussed with them your proposed amended format?

Our current priority is the Rally and so just a brief update on this will suffice please.

Kind regards

Hi [REDACTED]

I notice that the Commissioners were advertising this event yesterday as going ahead.

There has still been no consultation.

Can you please update me on the current situation?

Kind Regards

[REDACTED]

Dear Steven,

Thank you very much for your email and sorry I didn't get back to you yesterday.

Whilst I doubt I will ever be able to accept the closure of such a key car park in the town, opening it during the day, if only to motorbikes, is a start in the right direction.

I couldn't describe my position as happy however I will accept that RTC have made changes to the initial plan and I am happier that my objection has made change.

Thank you for your time on this.

Best wishes

Hello [REDACTED]

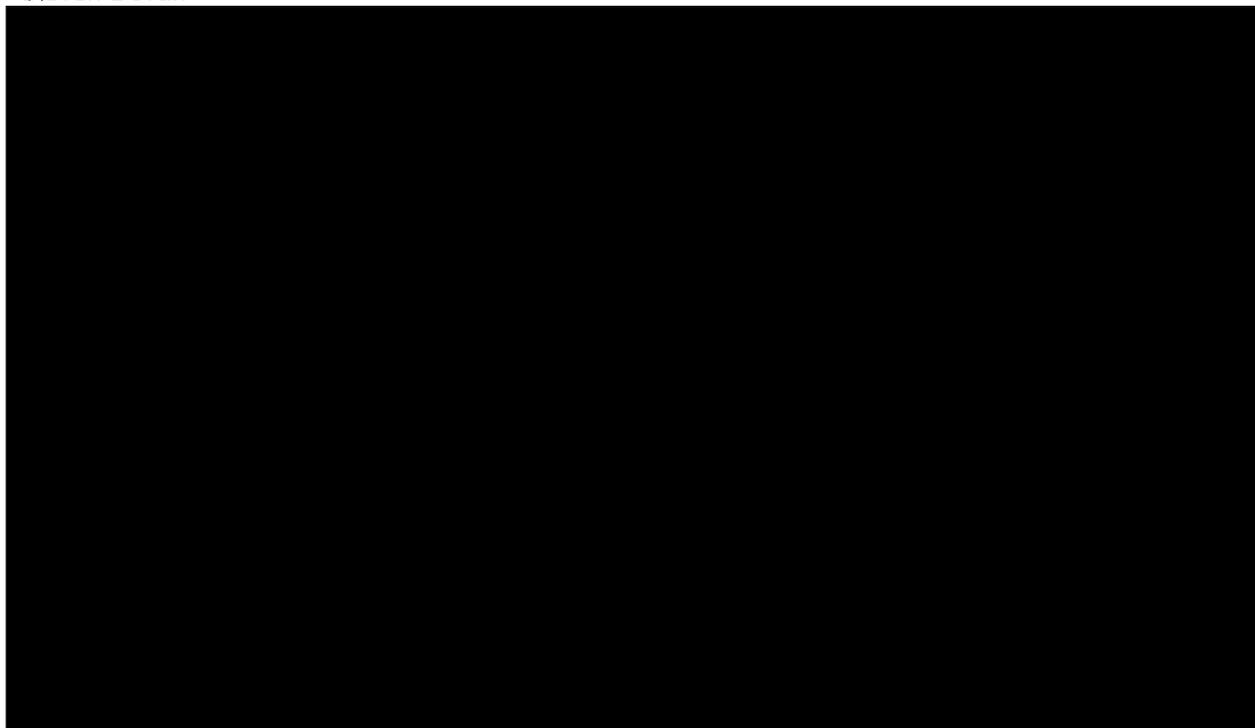

I am following up on our recent discussions regarding the request to close Market Place car park for the Sprintfest event.

We have discussed this but I wanted to confirm the mitigations which are being made to ease the impact of the closure of Market Place:

1. Opening up part of Market Place car park during the day times on 3<sup>rd</sup>, 4<sup>th</sup> and 5<sup>th</sup> June to create a motorcycle only parking facility until around 5pm each day – this is not without risk but will hopefully go some way to mitigate against the loss of car parking spaces during a busy time
2. Only staging the event in the evening – if the TT event schedule is adhered to this should reduce the likelihood of the event area being closed at the same time as the TT Course
3. Keeping Market Hill Road open during the event – at previous events this had been closed but had the impact of further disrupting the flow of traffic and consequent impact on businesses and residents
4. Increased signage around the event area and approaches to the event

Kind regards

Steven Bevan

Dear [REDACTED]

Please see attached from [REDACTED] – who had objected to Sprintfest.  
I will forward additional information in due course.  
Kind regards  
Steven

Hi Tim,

That's wonderful. We look forward to seeing you.

I will be away for the pre meeting where we put together the agenda, so I might not have time to get this to you prior to the meeting.

I think the biggest issue that businesses want to discuss is Sprint Fest. [REDACTED]

Dear Tim,

We wondered if you would be available to come along to our next chamber meeting, which will take place on Thursday 4th May at the community hub (courthouse).

Look forward to hearing from you.
